Government Recognition Nos.: ECE - P-020, S.2004, ELEM - E-010, S.2004, HS - S-017, S.2010

May 2, 2022

Dear Esteemed Parents/ Guardians;

Respectful and cordial greetings.

Our Lady of Lourdes Catholic School is committed to deliver quality instruction, holistic Catholic formation and efficient and effective services to its stakeholders, especially its primary beneficiaries, the learners.

For two consecutive school years, 2020-2021 and 2021-2022, respectively, the school adopted Pure Online Distance Learning (ODL) as the teaching-learning modality to respond to the pandemic situation.

This incoming school year, 2022-2023, the administration, members of the community and stakeholders are cognizant of both the vast opportunities and challenges that the “New Normal” brings in the education industry. As one school community, we will continue working to realize and uphold the philosophy, vision, mission and goals of this academic institution amidst these unprecedented times and circumstances.

Moreso, we are mindful of the negative impacts of prolonged school closures on children; hence, the school will adopt the **following teaching-learning modalities in School Year 2022-2023** and will come up with strategic mechanisms to ensure a safe, secured and well-informed and productive return to the face-to-face classes.

a. Pure Online Distance Learning

In this modality learners learn remotely/at home **with the supervision of an adult**. Classes - **instruction and assessment are done online synchronously** with the onsite learners (*Hyflex Model*).

It is recommended for learners with good internet connection and who can study on their own, comply with the requirements on time, more self-regulated, and independent learners.

However, if the allowable minimum number of learners is not met, the class will be dissolved. Hence, you will be asked to shift to Blended Learning.

b. Blended Learning

This modality is a combination of face to face and online learning. Learners attend classes - **instruction and assessment in the school and other supplementary learning are done online**.

It is recommended for learners who find studying at home challenging from an academic, social, and emotional perspective. We know that most students across all grades learn better in a classroom environment where they can connect with teachers and peers.

For the health and safety of all learners, classroom **seats will be 1-meter apart** and we will limit the number of learners in a class. Learners are also required to follow the health and safety protocols of school.

Level	Maximum No. of Learners
Nursery & Kinder	16
Grade 1 – 3	20
Grade 4-Grade 12	25

With this, kindly accomplish the survey in this link, <https://forms.office.com/r/JYtZJK9dZ3> regarding your **preferred teaching-learning modality** for your child next school year 2022-2023.

We are confident and optimistic that you will enroll your child/children with us, and together, we will forge a strong partnership towards the realization of our common goal. Thus, we encourage you to enroll your child as early as now or pay a reservation fee as low as 1000.00 which is deductible to the tuition fee for next school year.

With strong faith and steadfast determination, we can accomplish our mission through the guidance of Our Lady of Lourdes, our school patroness.

Thank you very much for being one with the school community.

Respectfully yours,

Ms. Christy G. Romero
School Principal
